

WE CARE LIKE FAMILY™

Dynarex Introduces Durable Medical Equipment Line

ORANGEBURG, N.Y. October 2018 – Dynarex, a leading medical products brand and provider of disposable medical supplies, is pleased to announce the launch of a Durable Medical Products (DME) line to round-out their current product portfolio.

Dynarex has added a wide range of DME products, as part of our commitment “We Care Like Family” to offer a complete, one-stop-shop experience for the distribution community to better serve their customers. The complete line offers hundreds of products including *mobility items, rollators, wheelchairs, bathroom safety, beds & rails, mattresses & cushions* and *patient room & accessories*. Dynarex’s DME line is expected to help clients and end-users by offering more value while providing alternative equivalent products to many well-known brands.

“We are pleased to expand our product line and are looking forward to servicing the DME community,” said Zalman Tenenbaum, CEO, Dynarex Corporation. “We want to provide our distributors with new ways to save while presenting new opportunities to increase revenue. Our DME line will do just that.”

Additionally, Dynarex will be partnering with the Friends of Disabled Adults and Children (FODAC) to officially launch the DME line at the Medtrade show (Booth #1119) in Atlanta, Georgia, October 14-16.

“We are excited to partner with the FODAC and support the work they do.” added Melodi Pomeroy, SVP Marketing, Dynarex Corporation. “We will be donating 100 wheelchairs initially and continue to contribute a portion of the proceeds from every DME sale. It is our way of reinforcing our core principle of “We Care Like Family.”
